Subject: FWRD: No Bull DSD Round 2

Janet,

Please reference the following relative to "Winston Extra Items", in which a response was due to Lori O'Connor on April 24, 1998. Please ensure that Rick Smith's order is placed on a priority basis ASAP in order that we may get him what he needs for the Races.

Any questions, please advise.

Thanks

Lori

Priority: Normal Priority

There were very few items leftover from the DSD kits recently mailed to the field. There are only 2 items available : 543572 - Win Dangler, and 543590 - Win Decal. There were more accounts added to the DSD kits along with the fact we had supplier problems.

Sorry about the confusion. These items are opened at National and there are no allocations. Please take what you need.

Thanks

Lori
